MIMF Sample PDF

Purpose: Provide predictable content + metadata for inspect-file tests.

Generated (UTC): 2026-02-12T20:35:39+00:00

This is a benign test document.
It contains a short paragraph, a list, and a second page.

Checklist:
 - Text content extraction
 - PDF metadata fields (Title/Author/Subject/Keywords)
 - Page count and file hashing

Page 2

If your inspector reports 2 pages, it's reading the structure correctly.

End of document.
